

DISCIPLINE

Training of the body or mind according to rules or principles.

I WILL show Discipline by:

- 1. Behaving in a calm and controlled way.*
- 2. Obeying my parents and authorities.*
- 3. Following instructions.*
- 4. Listening to and applying correction.*
- 5. Learning from other people's mistakes.*

A fool despises his father's instruction, but he who receives correction is prudent.
